

# YOUTH ENRICHMENT

## SOUTH BAY MUSIC TOGETHER

Music Together is an internationally recognized early childhood music program for babies, toddlers, preschoolers, kindergartners, and the adults who love them.

Music Together classes are based on the recognition that all children are musical. All children can learn to sing in tune, keep a beat, and participate with confidence in the music of our culture, provided that their early environment supports such learning.

Our passion is bringing the joy of music to families across the South Bay communities of Southern California. Music learning supports all learning. It enhances a child's language, cognitive, emotional, social, and physical development. This comprehensive music program offers your child a high level of music education through open expression, exploration and play.
