Dear Miyo,

I have not been following the letters to the editor between you and Mr. Breen. Regardless, the district is unable to provide the information that you are requesting. Mr. Breen need to provide the reference to you. The content of a letter written to the opinion section of a local newspaper by a resident, is in the view of the district, an opinion.

Best Regards,

Patricia Escalante

Superintendent

Hermosa Beach City School District

Dear Mary, Maggie or Pat,

May I have a copy of the report from the unnamed architects that Greg Breen is referring to in his Letter to the Editor in the Easy Reader newspaper on July 30, 2015, entitled Pier into the Past? In his letter he claims that:

"Architects have advised the board that it'd be cheaper to bulldoze the Community Center than to rehabilitate it."

I would like a copy of any documentation from architects that would validate his statement.

Regards,

Miyo Prassas
